up to  
**40%**  
annual suture  
savings

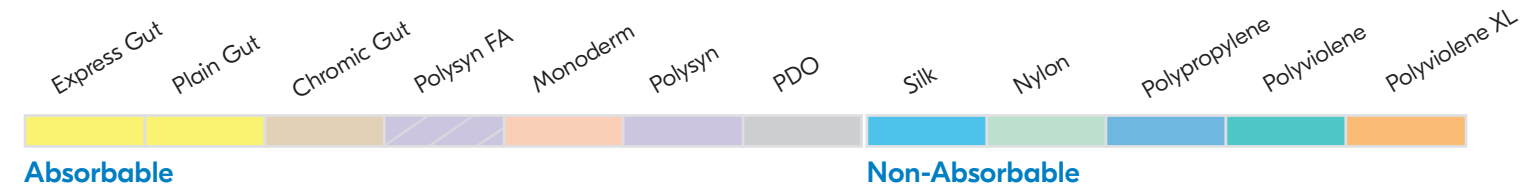

- Sharpoint sutures are priced to deliver savings to our customers.
- Simple pricing options makes it easy to understand your actual suture expense.

# Choices. We've got you covered.

Choose from a full range of absorbable and non-absorbable materials with over 120 needle types to meet your surgical needs.

## Sharpoint offers over 450 sutures across 12 different materials.

## UltraGlide® Surgical Needles

## Engineered for effortless control in skin closure.

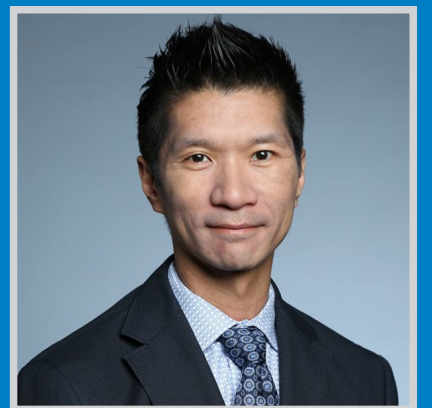

- Three fluted cutting edges are designed to lower drag, enhance penetration and maintain sharpness.
- Advanced robotic manufacturing ensures consistent performance pass after pass.

## What our customers are saying...

"We have been using Sharpoint sutures in our surgical center for over 1 year. The suture quality is equivalent to that of Ethicon. However, the suture needles are of higher quality. They seem to stay sharper longer and they are stronger and are less apt to bend after multiple suture passes."

Serafin M. DeLeon III, MD  
ORTHOPAEDIC, HAND AND UPPER EXTREMITY SURGERY  
Illinois Bone & Joint Institute

# Switching made easy.
