

How UC Davis Vet School switched their suture brand and saved \$22,000 annually.

The top-ranked school of veterinary medicine in the world operates a teaching hospital and a public clinic.

Business Challenges

- Reduce surgical item spend.
- Ensure quality with improved cost-savings.

Solutions

- Distributor partner identified budget overrun, gathered suture usage data as an opportunity to reduce cost.

- Corza cross-referenced UC Davis suture utilization to TruStitch – matching 98% of the portfolio.
- Distributor partner and Corza scheduled in-service and provided sample product for fully funded evaluation.

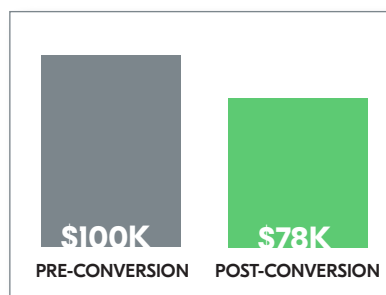

Results
